The impact network will meet on the second Tuesday of every other month, beginning in October. Discussion topics for each session will be developed by the network based on need, timing, and interest. In person sessions will be at the Northeast Service Coop in Mountain Iron, MN from 9:00am to 12:00pm.

Network members are encouraged to come as a team from each district. For example, the superintendent attends with the principals and directors that implement the World's Best Workforce plans and goals. All topics will be linked to the usage of SLEDS data and implementation of the WBWF plan and statutes.
